Item	Who
1. Review of last meeting minutes	
– No minutes to review	SM
2. Activities	
– Nov. Eco-refurb course update	
– All agreed event was a success. SM had received queries and thank yous. Lizzie would circulate a template to capture the questionnaire data from the event.	
– Carnival	
– Theme for the carnival this year was “going green in Bollington”. It was agreed a separate meeting/night out would be organised to develop some ideas as to how BCR could contribute.	RP/SW
– Festival Science Committee	
– It was agreed that BCR would have a stall, details of further BCR involvement still need to be agreed, pending further clarification from the science committee as to what else they may want from BCR.	
– Carbon footprint/Leeds Univ	
– RP has taken on the follow up actions. RP will meet to discuss follow up survey with SW	
– SMW was interviewed in Silk FM about the project, article would also follow in Macc Express	
– Low Carbon Communities	
– Greener living fund: the LCC planned to partner up with national bodies who will draw down these funds. It was agreed BCR would support this	

<p>initiative, though no particular involvement would be needed at this stage.</p> <ul style="list-style-type: none"> - Thermal camera GM had taken images of 45 houses and had already received feedback - GM has also produced a limited run of 20 calendars using thermal images. It was agreed they would be sent to key BCR stakeholders. A list was agreed. 	
<p>3. 3. Water wheel</p> <ul style="list-style-type: none"> - RA gave an update, a further draft of the report had been received. Next version should be the final version, just tidying up was required. RA would liaise with SM about the invoice. ● - RA suggested the next stage should be getting a full, detailed quote for installation at the preferred site. 	<p>RA</p> <p>RA</p>
<p>4. Community garden</p> <ul style="list-style-type: none"> - RP reported back that options were still being pursued on possible sites. A letter would be sent out to relevant local farmers. 	
<p>6.2009</p> <ul style="list-style-type: none"> - A brief discussion took place and an outline of 2009 priorities was agreed: Thermal camera follow up, water wheel next phase, eco-teams, energy advice/audits, possible funding from Energy Savings trust for 80% reduction project for a group of households. 	
<p>7. Comms update</p> <ul style="list-style-type: none"> - SMW will prepare new version of the newsletter, news items will include: <ul style="list-style-type: none"> - Water wheel update - Eco refurb event - Thermal camera - Eco teams - Carbon footprint - Website should be ready soon, AG has been paid for his work, files have been handed to SMW for content development 	<p>SMW</p> <p>All – send any other items for newsletter</p>
<p>7. Finance £1200 was still available for spending, various items of expenditure were proposed and agreed: new projector (NP/WP) USB energy meter (GM) software (SW)</p> <p>AOB</p> <ul style="list-style-type: none"> - Review of roles and responsibilities to be added to next agenda - NP would circulate details of visit to the SYEC - WP is exploring possible funding from Tullis Russell, from a fund set up to celebrate their anniversary. 	<p>Outline costs must be submitted to SM before spending</p> <p>SMW NP WP</p>
