Unlike other tree planting schemes, this scheme offers the opportunity to come and plant your own tree.

The KRIV project volunteers meet regularly during the week and give up their own time for the benefit of the community. As such we are aiming to offer you the chance to join us for the day as a volunteer. You will be inducted in the morning and have the opportunity not only to plant the tree you have purchased, but also learn more about land management and biodiversity.

We have held planting days on the 23rd November 2007 and 15th February 2008 with purchasers. These have been very successful.

THE NEXT TREE PLANTING SESSION FOR PURCHASERS IS 27th NOVEMBER 2009.

Sessions can last from half a day to a full day (dependant upon attendance and weather). The availability to attend one of these sessions and plant a tree is limited and will be on a first come, first serve basis. Additional sessions will be run later in the year subject to demand.

Trees not planted on our open volunteer sessions, will be planted throughout the year on a rolling basis by the KRIV team, with estimated numbers and locations identified below.
